

# Mojo's Incredibly Delightful and Extremely Necessary Neighborhood Master Kit

In this activity, you'll create a welcome kit for the new "kid" in town, Mojo! Mojo has journeyed from the monster world right into your human neighborhood! Unfortunately he has no friends...yet. Everything is new, and he's unsure what to do or where to go. He's very different from everyone else around. Can you help him out?

 2 Hours

## Materials needed

- Your own creativity (go big!)
- Paper + Coloring Utensils
- A box or bag to hold your kit together!

## Directions

### Step 1: Brainstorm!

Imagine you're Mojo: How do you think he feels? What do you think he needs? What would you want from others if you were Mojo?

### Step 2: Create!

Now, use your imagination to create a completely unique kit to help Mojo feel comfortable in his new surroundings. Here are some ideas to get you started:

- Map of your neighborhood so he can find his way around!
- An itinerary for your best day ever with Mojo. Where will you go? What will you do?
- Show Mojo friendly faces! Include drawings or photos of the people (and pets!) he should meet.
- What else can you include to make the kit special, exciting, and fun for Mojo!

### Step 3 (Optional):

Did you make an incredibly delightful kit for Mojo? Could you do the same for someone else? With an adult, upload photos and a description to the Kindness Creation Challenge!

**Habit tip!** What if there is a new student in your karate class, ballet class, baseball team, or in your classroom next year? How might you help them feel included? How can you help them not just survive, but THRIVE?
