

You're invited to a ClassDojo PD!

Let's start the year off right with a ClassDojo PD.

We'll cover the ClassDojo basics, and learn about the latest features to help you connect better with students, their families, and the entire school. Oh, and did I mention it will also help you save time? We could all use that!

I can't wait to see you there, and see our students grow, learn and feel celebrated at school and at home this year.

So bring yourself, bring your laptop, and join me!

See you soon,
